

QUALITY, SAFETY AND POLLUTION PREVENTION POLICY.

In Panama Shipping Registrar Inc, our priority is to give our clients and interested parties the confidence in our ability to perform, class for ships in services, statutory certification and services, we are committed to:

- Compliance with national and international conventions and regulations from PSR, Flag State Administration, or national and international bodies
- Providing adequate training to our personnel.

We have implemented a Quality Management System based on ISO 9001 which is the basis for the implementation of the MSC 349(92) which governs our activities with the highest standards -and particular emphasis upon safe working practices for preventing loss of human life and personal injuries, avoiding any damage to the marine environment.
